Experienced Faculty

*This offer is only valid for eligible new students who enroll and start classes between November 26, 2018, and December 10, 2018, and are members of The National Association of Nigerian Nurses in North America (NANNNA).

This offer is not a guarantee that all candidates eligible for the offer will be granted acceptance or admission into Walden. All prospective students will be subject to the same standard admission and registration process when applying to Walden.

The "tuition reduction" is a 25% reduction of tuition fees. The tuition reduction is applicable to tuition only and does not apply toward books, materials, and other supplies or fees needed for a course. This tuition reduction will remain in effect for the duration of the student's continuous enrollment at Walden. No tuition reduction will be made retroactively. The tuition reduction cannot be used by a student in combination with any other tuition benefit other than the tuition grant specified below. The tuition reduction is not applicable for students enrolled in the Family Nurse Practitioner specialization in the Master of Science in Nursing (MSN) program.

The "tuition grant" is a grant of up to \$2,000 for either the bachelor's, master's or doctoral nursing programs. The tuition grant is awarded as a \$500 tuition-reduction award for each term until the entire tuition grant has been earned or the student is no longer eligible. The tuition grant is applicable to tuition only and does not apply toward books, materials, and other supplies or fees needed for a course. The tuition grant cannot be used by a student in combination with any other tuition benefit other than the tuition reduction specified above. The student must remain continuously enrolled in the program of their choice to receive the tuition grant. The tuition grant is a non-cash award, and in no event will the recipient receive a check or other disbursement of money pursuant to this tuition grant.

The tuition grant may only be used for credit-bearing courses within the recipient's program. The tuition grant is not applicable for students enrolled in the Family Nurse Practitioner specialization in the Master of Science in Nursing (MSN) program, Tempo Learning® programs, the accelerated specializations or the Self-Designed specialization in the MS in Education (MSEd) program, or the PhD in Management or PhD in Public Health completion programs.

Walden may change the tuition reduction or tuition grant offered hereunder at any time, but such change will not affect the tuition reduction or tuition grant for students who are currently enrolled at Walden and using the existing tuition reduction or tuition grant. All tuition reductions, grants, or scholarships are subject to specific eligibility requirements. Contact a Walden University enrollment advisor for details.
